Atlantic exports, 2,069,-971,961 bushels, flour included, for the week against 1,766,699 last year, are not yet so large as to force prices upward if European buying based on European needs did not control our markets. A feature of importance, too, is the unusually heavy foreign demand for corn, which is a rarely falling sign of de-ficient crops abroad, where other grains are used instead when wheat becomes scarce and deficient.

Reilroad earnings, amounting to \$38,-715,318 in the United States for September, show a smaller decrease than in August—1-3 per cent. against 5-7 compared with last year.

Iron furnaces in blast Oct. 1 had a capecity of 112,782 tons weekly against 125,500 Sept. 1 and 217,308 Nov. 1 last year, while unsold stocks decreased 35,-852 tons, but if those of steel making concerns were included would probably show an increase. Buying of materials continues, but bessemer is a shade weaker, \$11.40 at Pittsburg. The demand for products is so light, and so much business is held back pending the election, that decreasing output is soon to be treated with a coat of the election, that decreasing output is not an unhealthy sign. There is quite a good demand for sheets, especially at the west, and rather better for pipe and outside concerns are getting large contracts in steel and iron bars and in nalls, but prices have not been re

More gold has been ordered from Eu-rope, so that \$4,000,000 is now on the way. Speculation in stocks has yielded a little-about \$1.13 for railroads an 55 cents for trusts. The outward movement of money to the interior has been \$4,000,000 for the week and little is do-ing in commercial loans, with rates about one-half per cent, higher than a week ago.

New York, Oct. 9.—Stocks were quiet again today, but the tendency of prices was downward. Today engagements of nearly two millions were announced from London, which will bring the week's imports up to about five millions. Foreign exchange was reduced another half cent to 482 and 484½ and ruled weak to the close. As on yesterday Sugar was the feature of the trading and dropped 2½ per cent. to 105 on fealings of 63,600 shares. Refined sugar was reduced another ½ cent per pound and this added to the bearish feeling. Manhattan and Tobacco were strong in the early dealings, rising to 93½ and 69½ respectively.

The rise in the rate led to the marketing of round amounts of long stock and under this process the usually active lists declined anywhere from ½ to 2% per cent. Manhattan fell 2% to 91%; Reading, all assessments paid, 1% to 23, and the other issues ½ to 1½ per cent. Speculation closed weak in tone. Net changes show losses of ½ to 2 per cent. on the day.
